School Year 2006-2007

Dear Parents,

School assemblies and field trips are just two of the many ways our school “teaches for the best”. These activities serve as an “awareness laboratory” which heightens the student’s sense of touch, smell, hearing and seeing. To paraphrase something we read sometime ago, “School assemblies and field trips serve as an aesthetic classroom in which one leaves only footprints and takes out only memories”.

During this school year each classroom will have an opportunity to attend assemblies or go on field trips. This letter will serve as a permission form for these events. You will be made aware of these activities prior to our student participation. If for some reason you change your mind, you can call our office and we will abide by your decision. If we don’t hear from you, we will allow your child to attend assemblies and go on school-sponsored field trips.
